Specifications and Technical Data

Pattern	Soil & Stain Protective Finish	Content	Abrasion Resistance ▲ (Wyzenbeek)	Flammability*
Avant	Advanced Soil & Stain Protective Top Coat	Vinyl with Polyester/Cotton Backing	Exceeds 1,500,000 Double Rubs (Heavy Duty)	California Technical Bulletin 117-2013, Section 1 UFAC Class 1 NFPA 260 Class 1
Moccasin	Soil & Stain Protective Top Coat	Vinyl with Polyester Backing	Exceeds 100,000 Double Rubs (Heavy Duty)	California Technical Bulletin 117-2013, Section 1 UFAC Class 1 NFPA 260 Class 1

All fabrics shown are 54" wide.
Dye lots may vary slightly from samples shown.

*This term and any corresponding data refer to typical performance in the tests indicated and should not be construed to imply the behavior of this or any other material under actual fire conditions.

All patterns shown may contribute to compliance with California Technical Bulletin 133 when used in conjunction with other suitable components.

Note: Avant and Moccasin include inherent Moisture Barrier Protection. Moisture Barrier Protection prevents moisture from penetrating the material and damaging your furniture's underpadding.

Avant and Moccasin have achieved Greenguard certification.

Cleaning and Maintenance

Please be sure to include these materials in a regular cleaning and maintenance program. Remove all soil and spills as quickly as possible.

Most spills and recent soiling can be easily cleaned. Remove any excess spills with damp cloth. Clean with a mild liquid soap and warm water mixture (10% household dish soap / 90% water). Rinse with water and dry.

For heavy soiling use a one to one (1:1) solution of concentrated cleaners such as Formula 409® or Fantastik® and water. Rub gently and rinse with a water dampened cloth.

For more difficult stains, dampen a soft white cloth with a solution of household bleach and water (10% bleach / 90% water). Rub gently and rinse with a water dampened cloth to remove bleach concentration. Always rinse with clear water and dry. Never use full strength bleach to clean this material.

Certain clothing and accessory dyes (such as those used on denim jeans) may migrate onto the surface of the material and become visible on lighter colors. The phenomenon is increased by humidity and temperature and may be irreversible. Certain inks, including ballpoint inks, can create permanent stains.

For additional cleaning information specific to a pattern, contact CF Stinson at 800.841.6279 or visit cfstinson.com.

The information published in this care guide refers to performance of this product in specific tests conducted under laboratory conditions. Results may vary under actual conditions.

This information is not a guarantee and does not relieve the user from the responsibility of proper and safe use of the product and all cleaning agents. The use of certain agents can be harmful to the surface appearance and lifespan of the material. CF Stinson, its agents, and assigns assume no responsibility resulting from the use of such cleaning agents to the vinyl.

Formula 409 is a registered trademark of the Clorox Company. Fantastik is a registered trademark of S. C. Johnson & Son, Inc.

Additional colorways of these patterns are available. To view all colorways and to order samples for specific projects, please contact CF Stinson at 800.841.6279 or visit cfstinson.com.
