

Case Study: First Baptist Church Springfield, Missouri

Sauder Worship Seating® meets the challenge of any renovation project. First Baptist Church in Springfield, MO, a multi-generational congregation needed to renovate their traditional worship space in order to breathe new life into the church. The building committee selected a combination of Sauder Worship Seating Duet and Definity seating after exploring seating options with Cavin Lambert, Sales Representative for Sauder Worship Seating.

Duet provides exceptionally comfortable seating. The flip-up seats allow for ease of egress and arms for those who prefer or need them. Definity seating maintains the concept of individual seats with the functionality of a pew. The benefit of both seating styles is the ability to use pew ends for a traditional pew style design and maintains capacity consistency plus the option of renewability.

Whether you are building new or renovating an existing worship space, Sauder Worship Seating promotes a worry-free and coordinated process to replace existing church furniture. Let us become a trusted member of your team.

About Sauder Worship Seating

Sauder Worship Seating®, a brand of Sauder Manufacturing Co., began in 1934 in northwest Ohio with small, custom orders for worship seating. The company's reputation for handcrafted, top quality work became its springboard for expansion as increasing needs and changing church trends prompted the Sauder family to introduce new seating solutions and worship accessories. Today, Sauder Worship Seating blends skilled craftsmen, modern technology, and quality materials to create some of the world's best worship furniture.
