

# DUET™

*for the way you worship*

**SAUIDER®**  
— WORSHIP SEATING

# DUET™

Some congregations prefer individual contemporary seating styles, while others value the tradition of the historic church pew. Knowing that many congregations appreciate both elements, Sauder Manufacturing has added Duet™ to its line of worship seating. Our product brings together the heritage of the classic wooden frame with the comfort and accessibility of a modern design.

Duet is based on the elegant simplicity, quiet operation, and unparalleled comfort of our Clarity line of auditorium seating. To meet both modern standards and historic expectations, flip-up seats are encased in the wooden framework of a traditional pew. Each seat quietly and consistently returns to its raised position, even after years of use. The contoured shape also provides optimal lumbar support.

With Duet, Sauder offers a wide collection of styles and preferences. Our product is available in maple, oak, or cherry wood species and all of our standard finishes. You can also select from your choice of seat widths, fabric colors, ends, wood or cushioned body styles, and much more. With our many options, you can choose the seating style that meets the unique demands of your worship facilities.

You'll also benefit from our professional project management system and no-hassle delivery and installation. From beginning to end, Duet demonstrates the craftsmanship and reliability that make Sauder Manufacturing the leader in worship furnishings.

*Body 301-1168, End 302-1290*

*Body 301-1168, End 302-1305*

*Body 301-1168, End 302-4750*

*At Sauder, we've been helping communities of every faith  
achieve their visions of worshipful interiors for more than 70 years.  
We've worked closely with designers, architects, committees,  
and clergy, listening to their hopes, their wishes,  
their dreams and their concerns.*

*And we have responded, building a legacy of which  
we, as a company, are very proud.*

*Today, there are more than twenty-five thousand  
congregations worshiping on Sauder seating.*

*That so many congregations have trusted us,  
referred us to friends, family, and associates, and have returned  
to us as customers again and again, that fact more than any other,  
testifies to the value of the principles of stewardship  
and service that all of us at Sauder Manufacturing  
work hard to live up to every day.*
