

I. General Information

There are certain precautions to be exercised that apply to any and all wood finishes.

- a. Avoid exposing furniture to direct sunlight. The color may change, and the finish may deteriorate from prolonged exposure to sunlight.
- b. Maintain a relatively constant temperature and humidity in the building. Excess heat or cold may cause cracking, warping, and checking of wood in furniture. There are certain suppliers of humidifiers who can provide units specifically engineered to service your building.
- c. Protect furniture from direct wetting. Moisture left on any wood finish will cause deterioration of the finish and materials.

II. Care of Wood Surfaces

To clean wood surfaces, use a heavily diluted mild dish soap in warm water to wipe down surfaces. Follow this with damp cloth to remove any remaining soap and dry thoroughly ensuring no water is left standing on the surface.

III. Care of Upholstered Surfaces

Routinely vacuum, with a wand only, loose particles from upholstered furniture. Dust and gritty particles can become embedded in the upholstery and cause excessive wear. For stains, refer to the cleaning code noted on the back of your fabric card. Contact Sauder® Manufacturing Co. for any help needed in acquiring this information.

Cleaning Code “CP”	Consult professional
Cleaning Code “S”	Clean only with pure solvents (petroleum, distillate-based)
Cleaning Code “W”	Clean only with water-based cleaning agents
Cleaning Code “WS”	For water-based stains use a water-based cleaning agent For oil-based stains use a solvent cleaner

This information is provided only as a service and should not be interpreted as warranty. Cleaning and spot-cleaning results may vary in individual case. If you have any questions consult a professional drycleaner.

IV. Miscellaneous Maintenance

Over a period of time minor changes can appear. Loosening of accessories, breakage during the course of use, or loosening of the floor anchorage. These can easily be remedied by your building maintenance person. The manufacturer will provide replacement parts when required and procedural assistance if needed.

Sauder® Manufacturing Co. (“Company”) provides the following warranty to the end-user and owner (“Owner”) of the new Sauder Worship Seating products (“Products”). All Sauder Worship Seating products are warranted to be of good quality and free from defects in material and workmanship under normal use for the periods noted below.
