

“From the beginning with Duane, through to the end, the design process was amazing. I loved the way it all came together. It took a lot of coordination because it wasn't just re-upholstery. We have a new floor layout, new theatre seating, new choir chairs and updated upholstery on the pews. Everyone we worked with was top notch!”

– Danny Vicente, Director of Technology

CASE STUDY Mt. Ennon Baptist Church *Clinton, Maryland*

Sauder Worship Seating® is recognized as a premier manufacturer of church pews and flexible wood church chairs. We also offer a well-coordinated re-upholstery service for existing church furniture.

Mt. Ennon Baptist Church in Clinton, MD partnered with Sauder Worship Seating in 2002 to install mitered pews throughout their sanctuary. Danny Vicente, Director of Technology at Mt. Ennon Baptist Church, and his team, contacted Sauder Worship Seating when they decided to update the functionality and design of their sanctuary.

The original sanctuary had a large center aisle with smaller side aisles which limited traffic flow and the ability of the church to easily maintain the 45 foot high ceilings of the sanctuary. The church and Duane Miller, Sales Consultant for Sauder Worship Seating, worked together to develop a worry-free, affordable plan to have the existing pews removed and to reconfigure the floor plan with all the aisles equal width.

The process included start-to-finish guidance and coordinated a seamless, on-site installation of the re-upholstered pews. As well as the installation of new Clarity™ auditorium seating and Vantage choir chairs.
