

# RESTORE PEACEFUL COMFORT IN PRAYER

Old kneeler

Replacement kneeler with new foam and upholstery.

Provide your parishioners the best worship experience by replacing kneelers.

#### Sauder Worship Seating Kneelers Offer:

- Cold-molded foam increases comfort over open-cell foam found in other kneelers.
- Greater firmness retention and exceptional durability, giving it a longer lifespan.
- Soft, wide, comfortable cushion for the knees.
- Foam wrapped around the stretcher board reduces the chance of an injury.
- Rubber stoppers added to reduce kneeler noise and protect flooring.

Kneeler pads can be replaced on existing Sauder Worship pews and added to most non-Sauder pews.

Contact your local sales consultant today.

Through extensive research, engineering, and field testing, Sauder Worship Seating has developed a kneeler that provides the best possible kneeling experience for the way you worship.
